Narrative

Nexus

The 150% graduation rate for learners, when combined with those learners on track to graduate in 150% time, remains above benchmark. There are not enough graduates in the BSN, MSN, or PN programs to draw conclusions by itself at this time.

| | |
|-----------------------|---|
| | Table two shows our female learners with a 150% graduation rate slightly below comparable institutions, but this metric has been trending upward and does not take into account some of the active learners on track to graduate in 150% time. Our male learner graduate population is too small to draw meaningful conclusions at this time, but currently remains at a higher rate than our female learner graduates. Similarly, as shown in table three, comparisons across race for our graduates cannot be made at this time. However, graduation rates for our white learners do show a positive trend. |
| Tactical Code | Tactic |
| | Driven by other metrics and tactics for retention and persistence to completion rates |
| NWCCU Standard | NWCCU Standard Description |
| 1.D.2 | Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps). |

Narrative

Nexus

Our RNBSN Persistence Rate is higher than their Graduation Rate. This is due to learners who are still Active, but it also means that RNBSN learners take longer to graduate than we would expect. Our BSN Persistence Rate is almost entirely made up of Active Learners. It is hard to make any definitive judgements currently, but considering the growth of the program, the Persistence Rate seems to be favorable. As part of ongoing operations, we review data weekly and determine plans for support of learners and courses. As of May 17, 2021, the first-time, full-time bachelor’s degree seeking learners in the College’s Bachelor of Science in Nursing (BSN) Program are progressing toward graduating within 150% of the total program length at benchmark. MSN ED program commenced in Spring 2020 and the PN program commenced in Spring 2021. Therefore, there is no current baseline data for these programs.

Our demographics for completed learners remain majority female; however, our racial demographics are trending down from majority white and becoming more diverse as we expand outside of the intermountain rural west.

Tactical Code

Tactic

| | |
|-----------------------|---|
| | Tactics connected to persistence closely tied to retention and graduation rates listed in frames 1.1.1, and 1.1.3. |
| NWCCU Standard | NWCCU Standard Description |
| 1.D.2 | Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps). |

Retention Rate

Fall Term Year-Over-Year
First-Time Full-Time Degree Seeking Students

■ Nightingale College ■ Comparison Group (Average)

Source: IPEDS, Internal
Internal statistics include Associate's & Bachelor's

| | |
|-----------------------|--|
| Sources | Narrative |
| Nexus | Table one breaks down the percentages of retention for learners overall each semester broken down by program. The benchmark for retention for all programs is set by this internal metric. BSN retention has remained consistently above benchmark for retention, although a trend was observed in that Fall retention numbers typically fare better than the other semesters. Work is ongoing throughout the Spring and Summer semesters of 2021 to incorporate the Fall's success across the other semesters. During Summer and Fall of 2020, ADN retention rates have expectedly fallen due to the removal of the program. We are now turning our attention to future BSN learner data for generalization purposes, which has improved from 2018. |
| Tactical Code | Tactic |
| | Driving learner satisfaction results through retention efforts and learner support models is outlined in frame 1.1.6. |
| NWCCU Standard | NWCCU Standard Description |

| | |
|-------|---|
| 1.D.2 | Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps). |

| Canvas. Tracked through the curriculum mapping documents. | After curriculum review and revision prior to Summer 2020 term, new data points were identified in order to more accurately reflect measurement of the GE programmatic outcomes. This data will drive curriculum revisions as needed. Programmatic Outcome measurement will be reviewed and refined as curriculum evolves in effort to keep the metrics current. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| | |
|-----------------------|---|
| | <p>Within the Summer 2020 semester the items we were tracking were significantly revamped to be more detailed and specific within the courses. The summer term data represents focused measurement of outcomes. Within each course, each week's coursework was examined for curriculum scaffold to the course outcome, and subsequently, the programmatic outcome. When three unique data points are found to measure a GEPO, these become the n for this report. There is no assignment used to measure multiple GEPOs in one course, keeping the data clean for evaluation. For example, in ENG120 there are three data points measured for GEPO1, three separate data points for GEPO2, three unique data points in GEPO3, in GEPO4, GEPO6, and GEPO7 etc. for a total of 18 total data points found in ENG120 alone. GEPO5 and GEPO8 did not have adequate representation to be sufficiently measured in ENG120. After reviewing each course for scaffolding to measure GEPO data, a fuller picture is then taken of the measurement to ensure all 8 GEPOs are evaluated in each program offered, and at each course-level. In Summer 2020, there were a total of 276 unique data points used to measure GEPO proficiency, making our n much higher than in prior terms. These metric shifts reflect multiple touch points within each course and ensure that specific items on the exams are aligned to the construct, not total data from the measurement point.</p> <p>In an effort to align GE Outcomes with accreditation standards, the GE team (curriculum and management) has reviewed data to suggest GE-PO8 may not accurately reflect our curriculum focus. As such, a change in GE-PO8 has been implemented, effective the Fall 2020 term.</p> <p>In review of the Spring 2021 data, 4 BSN outcomes had met benchmark and 4 had not, while 6 RNBSN outcomes had met benchmark and 2 had not. The low outcomes are likely due to adjustments with the implementation of the GE-PO8. As a measure of due diligence, an Ad Hoc Committee has been formed to review all GE curriculum, data points, and processes, to ensure the rigor and accuracy of these measurements.</p> <p>We are continuously engaged in curriculum review, analysis of the data points, and ensuring the metrics reflect the outcomes in the courses.</p> |

Narrative

Elsevier, Canvas, Tracked through the Curriculum mapping documents.

We are above the benchmark and trending upward in all BSN competencies for Spring 2021. Only one competency was not met for RNBSN, but this is not very meaningful because it has an n of 2. In Spring 2021, the competencies received increased review into the data collection metrics, curriculum placement, and integration modalities to establish improvement processes. Informatics course was revised for the BSN program implemented Spring of 2020. Data related to the BSN informatics course is trending positively semester over semester reflecting effectiveness of curricular enhancements.

Tactical Code

Tactic

Faculty development is a primary focus to ensure faculty are facilitating the curriculum in the most effective intended ways possible. Additionally, the curriculum restructure due to COVID-19 has created new opportunities to reinforce constructs, gather additional data, and improve the learning experience overall. Continual curriculum review and enhancements continue to develop positive learner outcomes.

NWCCU Standard

NWCCU Standard Description

1.C.5

The institution engages in an effective system of assessment to evaluate the quality of learning in its programs. The institution recognizes the central role of faculty to establish curricula, assess student learning, and improve instructional programs.

| Survey | <p>As learner satisfaction has been trending near goal over the past couple of semesters, increased efforts have been put in place to improve systems, processes, and expressed pain-points for learners. With COVID-19 in Summer semester of 2020, learners were pulled entirely out of in person experiential learning, driving down overall satisfaction from learners wanting to be in the direct client focused care component of their educational experience. Summer 2020 data also provided opportunities to identify further collaboration, communication, and participation of learners into the development process of the course. Challenges with partner support services also presented opportunities for improvement and led to some of the drop in satisfaction scores. Coordination of efforts across the functions, enhanced support services, and increased communication we are promoting to support learners through the challenging current environment. Also, Academic Faculty Managers role was created to expand the time and administrative support potential in coordination with other support structures, such as Learner Advising and Life Resources (LALR) Counselors. Communicating the processes and increasing the transparency of these processes with learners are providing increased pathways to resolving concerns, answering questions, and communicating needs. Further, we have created new College Navigator roles within the college to provide immediate support and hand holding resolution of issues and concerns across multiple functions. This will increase the immediate contact and communication metrics with learners to ensure they feel engaged and supported with issues arise. In an effort to support learners in understanding the expectations and adhering to the required elements of their programs, increased communication, follow up, and documentation are implemented with a new role for coordinating learner communication, and establishing feedback loops and coordinated support with cross functional management.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| | |
|-----------------------|---|
| | With the combined opening of some in person experiential learning in Fall 2020-Spring 2021 and the development of VCBC's, coupled with these systemic and organizational enhancements, learner satisfaction has successfully rebounded from the Summer-Fall 2020 dip. The new, more robust, Learner Satisfaction model has begun implementation in Spring 2021 and has been used to recalculate scores for the 2020 calendar year. This model should be less affected by extraneous circumstances in addition to being a more holistic measurement. |
| Tactical Code | Tactic |
| | The expansion of learner support services, tutoring services, and streamlining communication channels. Learner Satisfaction is driven through all functions of the College and each function has additional metrics to improve individual functional satisfaction scores. Individualized NCLEX support contracts to ensure preparation (Spring 2020), Evaluator roles for ensuring consistency (Fall 2020). |
| NWCCU Standard | NWCCU Standard Description |
| 1.C.5 | The institution engages in an effective system of assessment to evaluate the quality of learning in its programs. The institution recognizes the central role of faculty to establish curricula, assess student learning, and improve instructional programs. |

NCLEX-RN First-Time Pass Rate

BSN

| Sources | Narrative |
|-----------------------------------|---|
| NCLEX Master List | In progress. To align with comparable institutions and accrediting bodies, Nightingale College has established a benchmark for overall NCLEX pass rates. This number represents the number of BSN pre-licensure learners who pass the NCLEX over the total number of learners. Academic year is July 1 – June 30 th , with final information posted after every member of that each graduating class from the prior year at the point of one calendar year beyond completion. As of May 17, 2021, overall pass rate for BSN learners is 73%, coming in just under benchmark. |
| Tactical Code | Tactic |
| | Using NURSYS and state boards of nursing, LCAS will track progression of prior year’s graduating classes and provide feedback to NCLEX coaches to provide additional support. Learners will be made aware of resources available through NCLEX coaches throughout their tenure, with emphasis brought just prior to completion. |
| NWCCU Standard | NWCCU Standard Description |
| 1.C.1 | The institution offers programs with appropriate content and rigor that are consistent with its mission, culminates in achievement of clearly identified student learning outcomes that lead to collegiate-level degrees, certificates, or credentials and includes designators consistent with program content in recognized fields of study. |

1.2.2 Alumni Additional Certifications

| | | | | |
|--|---|---------------------------------------|--------------------------------------|--------------------------------------|
| Ownership | Last Update | | | |

| Benchmark(s) | Statistics | | | |
| Benchmark: Response to alumni survey at 10%. | Total Alumni Population | Total Survey Responses as of 8/6/2020 | Total Licensed in at Least One State | Total Licensed in Two or More States |
| | 910 | 36 | 36 | 10 |
| | No additional certifications, only additional state licensures are reported. | | | |
| Sources | Narrative | | | |
| Survey | Nightingale College seeks to engage with alumni to determine additional training that may be needed or desired to open additional training opportunities. The survey was initially written and deployed in June 2020. The current rate of response was 3.95%. As this was an initial survey, it was pulling the entire graduate population from all past semesters. Response rates from past semesters have historically not had as robust an alumni support and participation, which is a tactical push to increase the engagement and positive relationship. The next survey will be deployed in June 2021. | | | |
| Tactical Code | Tactic | | | |
| | The survey will be deployed in June of each year to graduates from the prior year. Initiatives to drive greater participation in voluntary surveys will be included in tactical planning this Fall for 2021. Aligning the survey to within a year of their graduation rate moving forward. Increasing the relationship building within their time as a learner to increase their positive reception toward response is also an ongoing tactic. | | | |
| NWCCU Standard | NWCCU Standard Description | | | |
| 1.D.2 | Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps). | | | |

1.3.1 Collaborator Tuition Reimbursement Programs Participation

| | | | | | |
|---|--------------------|------|------|------|------|
| Ownership | Last Update | | | | |
| Collaborator Experience | January 2021 | | | | |
| Benchmark(s) | Statistics | | | | |
| TBD based on historical data, but the benchmark is not to be set until after we | Year | 2017 | 2018 | 2019 | 2020 |
| | # of Utilization | 5 | 4 | 6 | 14 |

| | Total Utilization | 20.00% | 10.26% | 13.04% | 22.95% |
| Sources | Narrative | | | | |
| HRIS Accounting | <p>The College provides opportunities for professional growth and development by offering a tuition reimbursement benefit to all collaborators who have been employed by the College for more than one year. Providing financial contributions to faculty, staff, and administrators leads to additional degree completions post-hire, thereby elevating educational achievement during employment.</p> <p>All collaborators' educational achievements were evaluated in relationship to eligibility based on one-year tenure. The total number of collaborators who used the tuition reimbursement benefit has been divided by the total number of collaborators who would have been eligible to receive the benefit. To be eligible for the benefit collaborators must have maintained employment for one year and not currently have a graduate degree. Sample pool was based on all active collaborators for the relative year of reporting. 2020 data is accurate up to the end of semester 1.</p> <p>With the implementation of the new HRIS software, these metrics will be enhanced. Recommend combining 1.3.1 and 1.3.2 To reflect as a row in the above table.</p> <p>Data provided in 2021 will reflect a higher number of eligible collaborators due to expanding the tuition reimbursement policy to include multiple levels of degrees being available for tuition reimbursement.</p> | | | | |
| Tactical Code | Tactic | | | | |
| | Determine baseline data for participation and work to internally promote the program more aggressively. Revisiting the policy itself during tactical planning for 2021, to determine increased participation potential. Also the process for tracking and disbursements. | | | | |

| Survey | Each year in September the College will request collaborator participation in an annual self-evaluation survey asking them to rate themselves on the elevational concepts the College drives through its frameworks and culture. Total participation in the 2020 Collaborator Elevation Survey was 89.04%. The most significant increase was in the understanding and utilization of Johari Window. The average number one year ago (2019) was 2.46 which increased by 1.27 points bringing it to an average of 3.73 in 2020. The overall elevation reflected as an average of 3.08 in 2019. This increased by .68 raising the average to 3.76 in 2020. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| Own My Health | Own My Health (OMH) implemented January 2020. Biometric screening results are provided annually in January. Participation in the Own My Health wellness program is reported on a quarterly basis. The College has reached 100 health insurance enrollments and will now be able to receive claims data in order to better target key health impacts and develop wellness challenges to drive improved health outcomes. Improvement data will be evaluated quarterly against the suggested benchmarks by Own My Health. Recognizing the results are demonstrating a high number of leading participants, a reevaluation of the points that structure that metric are being reevaluated for the 2021 year. | | | | | | | | | | | | | | | | | | | | | | | | |

| Survey | Nightingale College has established health as a goal for alumni, to include physical, mental, emotional, and financial health. This initial survey was to determine interest in health-related topic. The next survey will seek to determine alumni perception of their own healthy behaviors and engagement with improvement. |

| | <p>A survey to collect information on learners’ holistic health and interest in interacting with Nightingale to achieve overall health has been dispatched. This will be updated as responses come in. Using these data points, the College will create events and activities to address these areas of interest and measure alumni participation phasing in over 2021. The College will continue to establish and re-establish relationships with alumni in an effort to engage in activities that support overall health.</p> <p>Using the data collected we will work to build programming and to develop more constant communication and better engagement with alumni.</p> |

| Benchmark: 30% participation in professional clubs and organizations. | <p>Total participating in New Learner Orientation: 534 N=512</p> <p>16 learners (<3%) are currently engaged with professional associations. However, 238 learners (53%) expressed interest in participation.</p> <p>Learners are currently engaged with the following organizations:</p> <ul style="list-style-type: none"> ANA American Nursing Association ICEA Beta Beta Beta Biological Nursing Society AMT PTK Phi Theta Kappa AST NSNA National Student Nursing Association NLN National League of Nursing ISTT Sigma Theta Tau NREMT Health Occupations Student Association (HOSA) Association of Surgical Technologists (AST) AAPC |
| Sources | Narrative |
| Survey | Nightingale College cares about the needs and expectations of learners. To this end, we will ask learners what credentials/certifications they currently hold and what they believe they will need to be successful as a nurse. |
| Tactical Code | Tactic |
| | <p>Survey will be dispatched during August 2020 New Learner Orientation to establish a baseline and interest level in earning credentials and certifications beyond the degrees and nursing licenses that are currently part of the Nightingale curriculum. After a year of evaluation, strategies will be developed to include or not include additional certifications beyond current offerings. Information on professional organizations will be included in 205 and 395, with a follow-up survey to be dispatched in 395 just prior to graduation. Survey was deployed in August and January New Learner Orientation. This documented is updated to report the most current class.</p> <p>With this information, we will reach out to learner clubs and organizations to develop additional relationships.</p> <p>Within the 2020/2021 we have applied for chapters with Sigma Theta Tau and National Student Nurses Association. Both chapters are up and running, with induction for STT to occur in fall 2021.</p> |

| Audit Reports | <p>The College engages with a third party to manage minimizing the College’s cohort default rate (CDR), who performs targeted outreach efforts to reduce the overall CDR. The College uses Ascendium Education Solutions Administration’s product called Cohort Catalyst (CC). Their role is to reach out to all the College graduates and withdrawals using NSLDS reports. Traditionally, CC attempts a contact to grads/withdrawn learners at the time they leave school and before their payments begin.</p> <p>The College monitors the CDR annually, using the data provided to assess those who are listed on the report. Items that are reviewed are withdrawals listed versus the number of grads listed. Historically, most individuals in default on the CDR report are in the withdrawn status. The College data is researched and compared to the CDR report for accuracy. If errors are discovered the appeal process is begun to resolve discrepancies.</p> <p>In accordance with D.O.E. regulations, learners are required to complete exit counseling with Financial Aid prior to completing their degrees. This exercise provides the learner with their personalized total debt owed, the estimated payment amount and loan servicer information. The triggered exit counseling notification we send out provides a checklist of items the learner must complete. Previously this was completed with a partner vendor, Piecewise, but is now completed in-house.</p> <p>An assessment of the increase in the CDR percentage has revealed that student body has increased every year resulting in a larger population of graduates and withdrawn learners. Although an increase is reflected in the last three years of CDR reports, The College is well below the proscribed minimum by the Department of Ed.</p> | | | | | | | | | | | | | | | | | | | | | |

Figure 1 highlights Nightingale College’s learner population by gender while Figure 9 compares total enrollment numbers by gender to the comparable institutions’ data. The population totals for female-identified learners come close to balancing with comparable institutions, while the population of male-identified learners continues to lag as of 2018. This is due, in part, to the diversity of program offerings at the comparable peer institutions versus the single-purpose offerings of the College.

Figure 2 highlights Nightingale College’s learner population by race while Figure 10 compares the total enrollment based on ethnicity to the comparable institutions’ average. While showing a predominately white population, much of the enrollment was initially focused in the intermountain west and rural communities, which carries a predominately white population. The College’s population set shows a more diverse population than the demographics of the states we served at those times, and trending along the populations of

| | |
|-----------------------|--|
| | <p>comparable institutions. The growth of the College has led to a more diverse learner population in recent years.</p> <p>Figures 3-7 highlight Nightingale College’s learner population by age, income, college generation, marital status, and children, respectively. The data collection for these metrics has improved greatly in the past couple of years and has remained stable year over year. About half of Nightingale College’s learners are first generation, and over half have children.</p> <p>Figure 8 highlights Nightingale College’s learner population to varying degrees of rurality. The learner population reflects closely the averages seen across the United States.</p> |
| Tactical Code | Tactic |
| | To drive forward the diversity of the nursing profession in setting and population. Potentially creating cluster demographics for learners in their enrollment areas, for socioeconomic, ethnicity, and race breakdowns- from enrollment to graduation. |
| NWCCU Standard | NWCCU Standard Description |
| 1.D.2 | Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps). |

|-----------------------|---|
| Sources | Narrative |
| Employee Files | Figures 1-5 above are broken down by gender, race, age, years of service, and status by year. Following the year over year growth and change demonstrates a wider diversification of the collaborator population. These metrics also reflect a wider population of collaborators hired beyond the intermountain west where the population reflects a wider diversity in general. While these numbers have no specific metric for targeting specific diverse population sets, the tracking here allows us to ensure a lower rate of homogeneity as we continue to scale for growth. These tables reflect that awareness to ensure increased diversification of our collaborator population sets. |
| Tactical Code | Tactic |
| | The College will continue to seek opportunities to diversify its workforce and create an inclusive environment for all collaborators. Looking to break out the metrics into Nursing Faculty, General Education Faculty, direct learner facing functions, and College Staff. |
| NWCCU Standard | NWCCU Standard Description |
| 2.F.3 | Consistent with its mission, programs, and services, the institution employs faculty, staff, and administrators sufficient in role, number, and qualifications to achieve its organizational responsibilities, educational objectives, establish and oversee academic policies, and ensure the integrity and continuity of its academic programs. |

4.5 Advisory Boards and Committees

| | |
|---------------------|----------------------------------|
| Ownership | Last Update |
| Curriculum | 5/18/21, Next Update August 2021 |

| | | | | |
|--|--|------------------|--------|----------|
| Representatives and partnerships from nursing education, industry stakeholders, specialty organizations, current learners and alumni which represent diverse Communities of Interest (race, ethnicities, cultures, multiple education program levels), | Current 2021 Advisory Board Membership Groups | | | |
| | Internal members | External Members | Alumni | Learners |
| | 10 | 18 | 4 | 4 |
| | <p>The next Advisory Board meeting will be held in August 2021. The advisory board members will discuss a survey about microcredentials and areas of need for these additional certifications.</p> <p>The College Partnerships function engages with the Nursing Education Services and Curriculum functions and the Nightingale Network to recruit board members from various communities of interest. As the board continues to grow, we are looking to form subcommittees and ad hoc groups, in addition to the regular biannual meetings, to encourage active participation, collaboration and innovation for course and program development.</p> <p>College committees are structured to allow for a broad-based, cross-functional collaboration thus fostering differing points of view and opinions. The college's Diversity, Inclusion, and Belonging (DIB) Committee regularly reviews the College's academic and cultural environment, provide recommendations and support to ensure the curriculum, and larger community reflect the inclusive environment the College seeks to achieve, both to support the diversification of the nursing profession and the stated mission of the College. The DIB committee reviews the board membership to ensure diverse representation of the Academic Advisory Board.</p> | | | |
| Sources | Narrative | | | |
| Advisory Board Minutes | Distance Learning and Nursing experts from academia and industry, provide guidance for curriculum; advise in program and course development efforts; advise of new programs for development; and contribute to the development of program competencies to be in line with the demands of today's employers. To ensure the most effective programs and current informational delivery, a diverse cross section is necessary for the advisory board. The table above shows the current composition of the board listed by the group they help to represent on that board. We regularly review the board composition and consider new perspectives to provide the broad-based perspectives imperative to our continued success. | | | |
| Tactical Code | Tactic | | | |
| | To ensure a cross section of voices from communities of interest, locations, settings, and stakeholders we are looking to do more direct outreach to additional communities, partners, and nursing professional interest groups. Breakdown of the membership by geography, setting type, and other demographic groups (gender, race, ethnicity) | | | |
| NWCCU Standard | NWCCU Standard Description | | | |
| 1.B.3 | The institution provides evidence that its planning process is inclusive and offers opportunities for comment by appropriate constituencies, allocates necessary resources, and leads to improvement of institutional effectiveness. | | | |

|--------------------|---|
| Internal Reporting | The College routinely reviews the financial data for accuracy on a monthly, quarterly, and yearly basis. These reviews include a review by the controller and CFO of the balance sheet, income statement, cash flow, comparisons to the approved budget. These internal audits and reviews are used to assess the effectiveness and accuracy of the processes and procedures around financial reporting and are adjusted based on these findings. |
| Tactical Code | Tactic |
| | To bring all frames into favorable status. |
| NWCCU Standard | NWCCU Standard Description |
| 2.E.1 | The institution utilizes relevant audit processes and regular reporting to demonstrate financial stability, including sufficient cash flow and reserves to achieve and fulfill its mission. |
