### Comparisons

IPEDS 150% completion rate (all programs, by expected 150% completion year). All comparison institutions offering Undergraduate degrees.

1.1.1 Comparison Chart

Sources	Narrative
<a href="#">Internal Dashboard</a>  <a href="#">Comparison Dashboard</a>	<p>The overall 150% graduation rate for learners remains above benchmark. There are not enough graduates in the BSN, MSN, or PN programs to draw conclusions by itself at this time. Since the graduation rate is measured at 150% of program length, there is a 12 semester delay in BSN graduation results. Figures one and two show that the 150% graduation rate of first-time, full-time learners lags behind that of comparable institutions for various race and gender demographics. It is important to realize that IPEDS uses adjusted cohort sizes for the 150% graduation rate, excluding transfer-outs and other student categorizations. High annual variation is observed, especially among non-white racial demographics, due to low n sizes.</p>
Tactical Code	Tactic
	Driven by other metrics and tactics for retention and persistence to completion rates
NWCCU Standard	NWCCU Standard Description
1.D.2	Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps).

[Internal Dashboard](#)  
[Comparison Dashboard](#)

**Narrative**

The BSN persistence rate is almost entirely made up of active learners. It is hard to make any definitive judgements currently, but considering the growth of the program, the Persistence Rate seems to be favorable. As part of ongoing operations, data is reviewed weekly and determines plans for support of learners and courses. As of January 26, 2022, the majority of bachelor’s degree seeking learners in the College’s Bachelor of Science in Nursing (BSN) Program are progressing toward graduating within 150% of the total program length at benchmark. MSN ED program commenced in Spring 2020 and the PN program commenced

	<p>in Spring 2021; therefore, data is limited for these programs. However, the MSN program has now graduated two learners.</p> <p>Demographics for completed learners remain majority female; however, racial demographics are trending down from majority white and becoming more diverse as the College expands outside of the intermountain rural west. Additionally, Nightingale College's graduate population remains more diverse than that of comparable institutions while keeping similar proportions of male and female graduates.</p>

**Comparisons**

IPEDS Fall to Fall Retention (all programs). All comparison institutions offering Undergraduate degrees.

### 1.1.3 Comparison Chart

**Sources**

[Internal Dashboard](#)  
[Comparison Dashboard](#)

**Narrative**

Table one breaks down the percentages of retention for learners over each semester by program. The benchmark for retention for all programs is set by this internal metric. BSN retention has remained consistently above benchmark for retention, although a trend was observed in that fall retention numbers typically fare better than the other semesters. Work is ongoing to incorporate the fall’s success across the other semesters. IPEDS data for figure three is first-time, full-time by academic year, fall through fall, and thus appears different from figure one. It is important to realize that retention rate is an optional reporting metric for IPEDS and is commonly left unreported.

**Tactical Code**

**Tactic**

Driving learner satisfaction results through retention efforts and learner support models is outlined in frame 1.1.6.

<a href="#">Internal Dashboard</a>	After curriculum review and revision prior to Summer 2020 term, new data points were identified in order to more accurately reflect measurement of the GE programmatic outcomes. This data will drive curriculum revisions as needed. Programmatic Outcome																																																																																	

	<p>measurement will be reviewed and refined as curriculum evolves in effort to keep the metrics current.</p> <p>Within the Summer 2020 semester the items tracked were significantly revamped to be more detailed and specific within the courses. The summer term data represents focused measurement of outcomes. Within each course, each week’s coursework was examined for curriculum scaffold to the course outcome, and subsequently, the programmatic outcome. When three unique data points are found to measure a GEPO, these become the n for this report. There is no assignment used to measure multiple GEPOs in one course, keeping the data clean for evaluation. For example, in ENG120 there are three data points measured for GEPO1, three separate data points for GEPO2, three unique data points in GEPO3, in GEPO4, GEPO6, and GEPO7 etc. for a total of 18 total data points found in ENG120 alone. GEPO5 and GEPO8 did not have adequate representation to be sufficiently measured in ENG120. After reviewing each course for scaffolding to measure GEPO data, a fuller picture is then taken of the measurement to ensure all 8 GEPOs are evaluated in each program offered, and at each course-level. In Summer 2020, there were a total of 276 unique data points used to measure GEPO proficiency, making the n much higher than in prior terms. These metric shifts reflect multiple touch points within each course and ensure that specific items on the exams are aligned to the construct, not total data from the measurement point.</p> <p>In an effort to align GE Outcomes with accreditation standards, the GE team (curriculum and management) has reviewed data to suggest GE-PO8 may not accurately reflect the curriculum focus. As such, a change in GE-PO8 has been implemented, effective the Fall 2020 term.</p> <p>In review of the Spring 2021 data, 4 BSN outcomes had met benchmark and 4 had not, while 6 RNBSN outcomes had met benchmark and 2 had not. The low outcomes are likely due to adjustments with the implementation of the GE-PO8. <b>As a measure of due diligence, an Ad Hoc Committee has been formed to review all GE curriculum, data points, and processes, to ensure the rigor and accuracy of these measurements.</b></p> <p>The College is continuously engaged in curriculum review, analysis of the data points, and ensuring the metrics reflect the outcomes in the courses.</p>
<b>Tactical Code</b>	<b>Tactic</b>
	Implemented a thorough review process for curriculum, data points, and measurement items.

**Narrative**

[Internal Dashboard](#)

As learner satisfaction has been trending near goal over the past couple of semesters, increased efforts have been put in place to improve systems, processes, and expressed pain-points for learners. Ongoing issues relating to the COVID-19 pandemic resulted in a dip of the learner satisfaction score for most of 2020. Coordination of efforts across the functions, enhanced support services, and increased communication have promoted the support of learners through the challenging current environment. Academic Faculty Managers were created to expand the time and administrative support potential in coordination with other support structures, such as Learner Advising and Life Resources (LALR) Counselors. Communicating the processes and increasing the transparency of these processes with learners are providing increased pathways to resolving concerns, answering questions, and communicating needs. Further, new College Navigator roles were created within the college to provide immediate support and hand holding resolution of issues and concerns across multiple functions. This will increase the immediate contact and communication metrics with learners to ensure they feel engaged and supported with issues arise. In an effort to support learners in understanding the expectations and adhering to the required elements of their programs, increased communication, follow up, and documentation are implemented with a new role for coordinating learner communication, and

	<p>establishing feedback loops and coordinated support with cross functional management.</p> <p>With the combined opening of some in person experiential learning and the development of VCBC's, coupled with these systemic and organizational enhancements, learner satisfaction has successfully rebounded from the 2020 dip. The new, more robust, Learner Satisfaction model began implementation in Spring 2021 and has been used to recalculate scores for the 2020 calendar year. This model should be less affected by extraneous circumstances in addition to being a more holistic measurement.</p>
<b>Tactical Code</b>	<b>Tactic</b>
	The expansion of learner support services, tutoring services, and streamlining communication channels. Learner Satisfaction is driven through all functions of the College and each function has additional metrics to improve individual functional satisfaction scores. Individualized NCLEX support contracts to ensure preparation (Spring 2020), Evaluator roles for ensuring consistency (Fall 2020).
<b>NWCCU Standard</b>	<b>NWCCU Standard Description</b>
1.C.5	The institution engages in an effective system of assessment to evaluate the quality of learning in its programs. The institution recognizes the central role of faculty to establish curricula, assess student learning, and improve instructional programs.

#### 1.2.1 Alumni Licensure Overall

<b>Ownership</b>	<b>Last Update</b>
Institutional Analytics and Effectiveness, LCAS	9/22/2021
<b>Benchmark(s)</b>	<b>Statistics</b>
Overall NCLEX Pass Rate: 80%	<b>Time To Licensure</b>

**Time To Attempt**

**BSN NCLEX Pass Rate**

Sources	Narrative
<p><a href="#">Internal Dashboard - Time to Licensure</a></p> <p><a href="#">Internal Dashboard - Time to Attempt</a></p> <p><a href="#">Internal Dashboard - Overall Pass Rate</a></p>	<p>To align with comparable institutions and accrediting bodies, Nightingale College has established a benchmark for overall NCLEX pass rates. This number represents the number of BSN pre-licensure learners who pass the NCLEX over the total number of learners.</p> <p>Nightingale College has also begun to track the time to attempt the NCLEX after graduation, as evidence suggests that learners who test sooner test higher than those that put off testing. Although this has been trending upward, summer 2021 has shown a reduction in early testing.</p> <p>Overall Pass Rate is reported by calendar year, with information updated monthly. As of January 26, 2022, overall pass rate for BSN learners is 76.3%, coming in just under benchmark.</p>

<b>Tactical Code</b>	<b>Tactic</b>
	Using NURSYS and state boards of nursing, LCAS will track progression of prior year's graduating classes and provide feedback to NCLEX coaches to provide additional support. Learners will be made aware of resources available through NCLEX coaches throughout their tenure, with emphasis brought just prior to completion.
<b>NWCCU Standard</b>	<b>NWCCU Standard Description</b>
1.C.1	The institution offers programs with appropriate content and rigor that are consistent with its mission, culminates in achievement of clearly identified student learning outcomes that lead to collegiate-level degrees, certificates, or credentials and includes designators consistent with program content in recognized fields of study.

### 1.2.2 Alumni Additional Certifications

<b>Ownership</b>	<b>Last Update</b>					
LCAS	September 2021; Next update June 2022					
<b>Benchmark(s)</b>	<b>Statistics</b>					
Benchmark: Response to alumni survey at 10%.		Total Alumni Population	Total Survey Responses	Total Licensed in at Least One State	Total Licensed in Two or More States	Response Rate
	Year					
	2020	910	36	36	10	4%
	2021	277	27	27	12	10%
	No additional certifications, only additional state licensures are reported.					
<b>Sources</b>	<b>Narrative</b>					
Survey	Nightingale College seeks to engage with alumni to determine additional training that may be needed or desired to open additional training opportunities. The survey was initially written and deployed in June 2020. The current rate of response was 10%. As this was an initial survey, it was pulling the entire graduate population from all past semesters. Response rates from past semesters have historically not had as robust an alumni support and participation, which is a tactical push to increase the engagement and positive relationship. The next survey will be deployed in June 2022.					
<b>Tactical Code</b>	<b>Tactic</b>					
	The survey will be deployed in June of each year to graduates from the prior year. Initiatives to drive greater participation in voluntary surveys will be included in tactical planning this Fall for 2021. Aligning the survey to within a year of their graduation rate moving forward. Increasing the relationship building within their time as a learner to increase their positive reception toward response is also an ongoing tactic.					
<b>NWCCU Standard</b>	<b>NWCCU Standard Description</b>					
1.D.2	Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender,					

	socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps).

<b>Sources</b>	<b>Narrative</b>																								
HRIS Accounting	<p>The College provides opportunities for professional growth and development by offering a tuition reimbursement benefit to all collaborators who have been employed by the College for more than one year. Providing financial contributions to faculty, staff, and administrators leads to additional degree completions post-hire, thereby elevating educational achievement during employment.</p> <p>All collaborators' educational achievements were evaluated in relationship to eligibility based on one-year tenure. The total number of collaborators who used the tuition reimbursement benefit has been divided by the total number of collaborators who would have been eligible to receive the benefit. To be eligible for the benefit collaborators must have maintained employment for one year and not currently have a graduate degree. Sample pool was based on all active collaborators for the relative year of reporting. 2020 data is accurate up to the end of semester 1.</p> <p>With the implementation of the new HRIS software, these metrics will be enhanced.</p> <p>Recommend combining 1.3.1 and 1.3.2 To reflect as a row in the above table.</p> <p>Data provided in 2021 will reflect a higher number of eligible collaborators due to expanding the tuition reimbursement policy to include multiple levels of degrees being available for tuition reimbursement.</p>																								
<b>Tactical Code</b>	<b>Tactic</b>																								
	Determine baseline data for participation and work to internally promote the program more aggressively. Revisiting the policy itself during tactical planning																								

	for 2021, to determine increased participation potential. Also the process for tracking and disbursements.

Audit Reports	<p>The College engages with a third party to manage minimizing the College's cohort default rate (CDR), who performs targeted outreach efforts to reduce the overall CDR. The College uses Ascendium Education Solutions Administration's product called Cohort Catalyst (CC). Their role is to reach out to all the College graduates and withdrawals using NSLDS reports. Traditionally, CC attempts a contact to grads/withdrawn learners at the time they leave school and before their payments begin.</p> <p>The College monitors the CDR annually, using the data provided to assess those who are listed on the report. Items that are reviewed are withdrawals listed versus the number of grads listed. Historically, most individuals in default on the CDR report are in the withdrawn status. The College data is researched and compared to the CDR report for accuracy. If errors are discovered the appeal process is begun to resolve discrepancies.</p> <p>In accordance with D.O.E. regulations, learners are required to complete exit counseling with Financial Aid prior to completing their degrees. This exercise provides the learner with their personalized total debt owed, the estimated payment amount and loan servicer information. The triggered exit counseling notification that is sent out provides a checklist of items the learner must complete. Previously this was completed with a partner vendor, Piecewise, but is now completed in-house.</p> <p>An assessment of the increase in the CDR percentage has revealed that student body has increased every year resulting in a larger population of graduates and withdrawn learners. Although an increase is reflected in the last three years of CDR reports, The College is well below the proscribed minimum by the Department of Ed.</p>

	Tactics for the default rate are currently operationalized. Under consistent review.
<b>NWCCU Standard</b>	<b>NWCCU Standard Description</b>
2.G.5	Students receiving financial assistance are informed of any repayment obligations. The institution regularly monitors its student loan programs and publicizes the institution's loan default rate on its website.

### 3.2.2 Alumni Upward Career Mobility

<b>Ownership</b>	<b>Last Update</b>			
Learner Support Services	September 2021 Will next be updated in September 2022 in collaboration with Nightingale Network			
<b>Benchmark(s)</b>	<b>Statistics</b>			
Participation: 10% in survey Percentage of positive job mobility: 50% Metrics set based on a minimum level of participation in inaugural survey.	Total Alumni population	Total survey responses	Total indicating upward mobility	Percentage of self-report
	910	36	21	58%
	277	27	21	77%
<b>Sources</b>	<b>Narrative</b>			
Survey	<p>Nightingale College has a vested interest in the career mobility of alumni and seeks feedback from prior learners to determine how their education and relationship has impacted their career opportunities.</p> <p>For both 2020 and 2021, the 50% benchmark has been surpassed of positive job mobility in their careers since completing their studies with Nightingale College.</p>			
<b>Tactical Code</b>	<b>Tactic</b>			
	<p>Survey to be dispatched annually to graduates who have graduated within the last calendar year, with the next survey deployed in June 2022.</p> <p>Alumni survey will be updated and revised to further explore reasons for not receiving or seeking promotions.</p>			
<b>NWCCU Standard</b>	<b>NWCCU Standard Description</b>			
1.D.2	Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps).			

### 3.2.3 Alumni Professional Associations

<b>Ownership</b>	<b>Last Update</b>
Nightingale Network	September 2021 – Next update September 2022

Benchmark(s)	Statistics				
Benchmark: Response to alumni survey at 10%.		Total Alumni Population		Participating in Professional Associations	Percentage of Respondents Reporting Participation in Professional Associations
	Year		Total Survey Responses		
	2020	910	36	18	50%
2021	277	27	9	33%	
Sources	Narrative				
Survey	<p>In an effort to maintain a professional relationship with alumni, Nightingale College seeks to understand the interest in participating in professional associations as well as the types of associations sought by alumni. This will assist in the College developing relationships with those associations to better facilitate alumni participation.</p> <p>Nightingale College has a vested interest in maintaining connection with learners beyond the point of separation. To that end, Nightingale College seeks to understand alumni interest level in participating in an honors society and, if sufficient interest exists, to charter a membership with alumni chapters to best serve alumni and maintain connection with the college.</p> <p>As of September 22, 2021, there have been 63 responses to the alumni survey. N=1187. Of those responses, 27 (43%) indicated that they are involved in professional associations. The organizations include American Nurses Association, AAAMA, CAUTI/CLABSI Committee, ACCN, AANAC, AACN, AORN, Utah NP Association, Emergency Nurse Association, AWHONN, NLN, UHMS, WOC, Nevada Nursing Association, Nevada Nursing Association, and Wyoming Nurses Association.</p> <p>Interest in participating in professional associations for 2020/2021 is 2.85 on a scale of 1-5.</p>				
Tactical Code	Tactic				
	<p>Nightingale College will increase participation in alumni surveys by establishing relationships with learners prior to the point of completion. Additionally, the College will strive to inform learners and alumni about professional associations and the benefits of participating.</p>				
NWCCU Standard	NWCCU Standard Description

- [Comparison Dashboard](#)

**Narrative**

Figures 1-2 highlight Nightingale College’s learner population by race while Figure 10 compares the total enrollment based on race to the comparable institutions’ average. Figure 1 also displays the College’s rapid population growth in recent years. While originally showing a predominately white population, much of the enrollment was initially focused in the intermountain west and rural communities, which carries a predominately white population. The College’s population set showed a more diverse population than the demographics of the states served at those times and is now majority non-white. This level of diversity exceeds that of the comparable institutions.

Figure 3 highlights Nightingale College’s learner population by gender while Figure 11 compares total enrollment numbers by gender to the comparable institutions’ data. The population totals for male and female identified learners resembles closely that of comparable institutions. Figure

Figures 4-8 highlight Nightingale College’s learner population by age, income, college generation, marital status, and children, respectively. The data collection for these metrics

	<p>has improved greatly in the past couple of years and has remained stable year over year. About half of Nightingale College’s learners are first generation, and over half have children.</p> <p>Figure 9 highlights Nightingale College’s learner population to varying degrees of rurality. The learner population reflects closely the averages seen across the United States.</p>
<b>Tactical Code</b>	<b>Tactic</b>
	To drive forward the diversity of the nursing profession in setting and population. Potentially creating cluster demographics for learners in their enrollment areas, for socioeconomic, ethnicity, and race breakdowns- from enrollment to graduation.
<b>NWCCU Standard</b>	<b>NWCCU Standard Description</b>
1.D.2	Consistent with its mission and in the context of and in comparison with regional and national peer institutions, the institution establishes and shares widely a set of indicators for student achievement including, but not limited to, persistence, completion, retention, and postgraduation success. Such indicators of student achievement should be disaggregated by race, ethnicity, age, gender, socioeconomic status, first generation college student, and any other institutionally meaningful categories that may help promote student achievement and close barriers to academic excellence and success (equity gaps).

Years of Service

**Status**

**Sources**      **Narrative**

[Internal Dashboard](#)

Figures 1-5 above are broken down by gender, race, age, years of service, and status by year. Following the year over year growth and change demonstrates a wider diversification of the collaborator population. These metrics also reflect a wider population of collaborators hired beyond the intermountain west where the population reflects a wider diversity in general. While these numbers have no specific metric for targeting specific diverse population sets, the tracking here allows us to ensure a lower rate of homogeneity as the College continues to scale for growth. These figures reflect that awareness to ensure increased diversification of the collaborator population sets.

**Tactical Code**      **Tactic**

The College will continue to seek opportunities to diversify its workforce and create an inclusive environment for all collaborators. Looking to break out the metrics into Nursing Faculty, General Education Faculty, direct learner facing functions, and College Staff.

NWCCU Standard	NWCCU Standard Description
2.F.3	Consistent with its mission, programs, and services, the institution employs faculty, staff, and administrators sufficient in role, number, and qualifications to achieve its organizational responsibilities, educational objectives, establish and oversee academic policies, and ensure the integrity and continuity of its academic programs.

Internal Reporting	The College routinely reviews the financial data for accuracy on a monthly, quarterly, and yearly basis. These reviews include a review by the controller and CFO of the balance sheet, income statement, cash flow, comparisons to the approved budget. These internal audits and reviews are used to assess the effectiveness and accuracy of the processes and procedures around financial reporting and are adjusted based on these findings.
